

Information for parents

Our commitment to the responsible use of digital technology

At Preston West Primary School we are committed to building a culture of respect and responsibility. We show this in the way we use technology and interact online. We teach our students about responsible digital behaviours, including how to recognise and respond to online dangers and threats. We support students to develop the digital skills they need to make a positive impact in the world. We are intentional and discerning about our integration of digital tools into the curriculum, providing rich, interactive and personalised experiences, while ensuring a balance with offline learning opportunities.

What we do

	<p>We set clear expectations</p> <ul style="list-style-type: none"> We have clear expectations about appropriate conduct using digital technologies. Our Mobile Phone Policy outlines our school's expectations relating to students using mobile phones during school hours, found on the school's website. We have clear and appropriate consequences when students breach these expectations, in line with our Student Wellbeing and Engagement Policy, found on the school's website.
	<p>We teach appropriate conduct</p> <ul style="list-style-type: none"> We teach our students to be safe, intentional and responsible users of digital technologies, including age-appropriate instruction on important digital issues such as cyber safety and cyberbullying. Preston West has partnered with the Cyber Safety Project to assist staff in delivering a program that is aimed to empower our students with the skills and knowledge to independently manage their digital safety and wellbeing.
	<p>We partner with families</p> <ul style="list-style-type: none"> We work with parents and carers to understand the digital technology-related issues they are facing at home. We support them with information and tools that help.
	<p>We provide access to technology</p> <ul style="list-style-type: none"> We provide access to educational software for students to use. This includes Google Workspace for Education, Seesaw, Apple Classroom, 3PL Learning (Reading Eggs & Mathletics).
	<p>We supervise digital learning</p> <ul style="list-style-type: none"> We supervise students using digital technologies in the classroom, consistent with our duty of care. This is achieved with Apple Classroom and JAMF Teacher. We use clear protocols and procedures to protect students working in online spaces.
	<p>We take appropriate steps to protect students</p> <ul style="list-style-type: none"> We provide a filtered internet service to block inappropriate content. Full protection from inappropriate content cannot be guaranteed, however, we have processes to report and act on inappropriate content. We may access and monitor messages and files sent or saved on our network, if necessary and appropriate.
	<p>We appropriately manage and respond to online incidents</p> <ul style="list-style-type: none"> We work to prevent, respond, and learn from issues or incidents relating to the use of digital technology, including cybersecurity incidents, cyberbullying and risks to child safety. We refer suspected illegal online acts to the police.

Digital Technology at Preston West Primary School

How parents and carers can help

Learning about technology and its impacts doesn't stop at the school gate. Below are our suggestions for ways you can support your children to responsibly use digital technology.

	<p>Establish clear routines</p> <ul style="list-style-type: none"> • Talk to your child about expectations including when, where, and how digital devices can be used at home, ensuring these rules are age-appropriate and consistent. These can include: <ul style="list-style-type: none"> ◦ Requiring devices to be used in a common area, such as a living room or kitchen ◦ Setting up a designated area for charging devices overnight, away from bedrooms, to promote better sleep hygiene. • Be present when your child is using digital devices, especially for younger children who may not yet understand online risks. • For Apple devices, set up Family Sharing and Screen Time to allow for easy device management at home.
	<p>Restrict inappropriate content</p> <ul style="list-style-type: none"> • Use built-in parental controls on devices and apps to help manage their device access and restrict inappropriate content, including apps and websites that are not suitable for their age group. • Consider restricting the use of non-educational apps and apps with addictive game mechanics (e.g. rewards, badges, limited exit options).
	<p>Talk about online safety</p> <ul style="list-style-type: none"> • Talk with your child about the importance of protecting personal information and recognising online scams. • Encourage your child to talk to you or another trusted adult if they feel unsafe online. • View parent webinars hosted by the Cyber Safety Project.
	<p>Model responsible and balanced technology use</p> <ul style="list-style-type: none"> • Encourage a healthy balance between screen time and offline activities, especially outdoor unstructured play and time with friends and family, face-to-face. * • Demonstrate responsible and balanced tech use in your own daily routine to set a good example for your child.
	<p>Work with us</p> <ul style="list-style-type: none"> • Let your child's teacher know about concerns you have regarding their technology use • Keep informed about what your child is learning at school, so you can help reinforce positive messages at home.

***Australia's physical activity and sedentary behaviour guidelines** include the following recommendations for children between 5-17 years-old regarding sedentary recreational screen time:

- no more than 2 hours of sedentary recreational screen time per day
- avoiding screen time 1 hour before sleep
- keeping screens out of the bedroom.

Digital Technology at Preston West Primary School

Personal devices at Preston West Primary School

Preston West Primary School operates a Bring Your Own Device (BYOD) program, that uses Apple iPads exclusively. Parents/carers are invited to purchase or supply a device for their child to bring to school. We have partnered with Beyond the Box, who provide iPad and accessory pricing at education pricing. This is only available to families who have a child entering Year 3. All orders are placed by early November, the year prior, to allow delivery before the end of the school year.

Technical specifications for BYOD devices

To ensure smooth and reliable technology access and student support, we have set the following technical specifications for all personal devices. If purchasing or supplying a personal device to use at Preston West Primary School, please ensure that it complies with the following specifications:

- Apple iPad
- Apple iPad Pro
- Apple iPad Air

Device minimum specification recommendations are reviewed annually. For up-to-date information about this, please refer to the BYOD iPad Program Information Handbook, available at the school office. You can also contact Luke Begg directly at luke.begg@education.vic.gov.au

Behavioural Expectations – Personal devices

When bringing a personal device to schools, students must ensure that:

- it is fully charged each morning
- it is carried to school with appropriate care in a carry case and stored in lockable storage when not in use
- any physical device damage is immediately reported and if necessary, repaired
- it is clearly labelled with the student's name and class

Supports and services provided

Preston West Primary School will provide the following technical support services for personal devices brought to school:

- Support to access software (eg. Google Workspace for Education)
- Enrolment into the school's Mobile Device Manager (MDM), JAMF
- Connecting devices to the internet
- Providing student log-in credentials to access the school's network.

Please note that our school does not have insurance to cover accidental damage to students' devices, and parents/carers are encouraged to consider obtaining their own insurance for their child's device.

Students, parents and carers who would like more information or assistance regarding our BYOD program are encouraged to contact Luke Begg via email luke.begg@education.vic.gov.au

What we expect

Below are our expectations of students at Preston West Primary School when using digital technologies.

<p>Be safe</p> 	<p>At Preston West Primary School, we protect personal information and keep safe online.</p> <p>We do this by:</p> <ul style="list-style-type: none">• Not sharing our password or using someone else's username or password.• Logging out of a shared device when it is no longer in use.• Restricting the personal information we post online, including images and videos.
<p>Be respectful</p> 	<p>At Preston West Primary School, we are kind and show respect to others when using technology.</p> <p>We do this by:</p> <ul style="list-style-type: none">• Acting with kindness and never bullying others online.• Thinking about how our words might make others feel before we say or write them.• Only taking photos or recordings of others when they are aware and have given us permission to do so.• Seeking permission before sharing others' information online.
<p>Be responsible</p> 	<p>At Preston West Primary School, we are honest, handle technology with care and follow the school rules.</p> <p>We do this by:</p> <ul style="list-style-type: none">• Handling devices with care.• Not interfering with devices, school systems, or other students' work.• Not downloading or using inappropriate programs like games.• Not using technology to cheat or steal, and always acknowledging when we use information sourced from others.• Turning off and securely storing our mobile phone during school hours.• Ensuring a healthy balance between screen time and offline activities at school.
<p>Ask for help</p> 	<p>At Preston West Primary School, we ask for help if we feel unsure or see something inappropriate.</p> <p>We do this by talking to a teacher or a trusted adult if:</p> <ul style="list-style-type: none">• We feel uncomfortable or unsafe.• We see others participating in unsafe, inappropriate, or hurtful online behaviour.• We notice any damage to school technologies.• We need help understanding about a digital tool or how it can be used.
